

MESSAGE from Managing Trustee

"As we step into a new year, I extend my heartfelt gratitude to our supporters, volunteers, and beneficiaries who continue to believe in and contribute to Choudhary Foundation's mission. January has been a month of new beginnings, growth, and impactful initiatives.

Our journey towards women's empowerment and skill development continues with unwavering dedication. However, to scale our efforts and reach more individuals, we seek corporate partnerships, sponsorships, and support in the form of material donations. With collective efforts, we can create more opportunities and transform more lives.

As we move forward, I invite each of you to be a part of our mission—whether by supporting our initiatives, spreading the word, or collaborating with us. Together, we can make 2025 a year of greater impact and empowerment."

With warm regards,

SAPNA CHOUDHARY
Managing Trustee

Our Inspiration & Recognition

We are proud to share that our **Managing Trustee** has been recognized for her **dedication towards women's empowerment**. She was honored with an **Award of Appreciation** at a prestigious function organized by the **Global Chamber of Commerce, Industry & Agriculture**. This recognition is a testament to her relentless efforts in uplifting underprivileged women and advocating for their rightful place in society.

This achievement strengthens our resolve to continue empowering women through skill development, education, and dignified livelihood opportunities. Together, we move forward in building a more inclusive and equitable future!

Support from Punjab National Bank (PNB) for Digital Empowerment

We are delighted to share that **Punjab National Bank (PNB), Head Office**, has extended its generous support to Choudhary Foundation by providing **five computer systems** under their **CSR initiative**. This valuable contribution will significantly strengthen our **Digital Empowerment Program**, enabling us to equip more students with essential computer literacy skills. With these systems, we can enhance our training programs, bridge the digital divide, and empower individuals with the knowledge needed to thrive in today's technology-driven world. We extend our heartfelt gratitude to **PNB** for their commitment to social responsibility and their belief in our mission of creating sustainable livelihood opportunities through digital education.

Empowering Women Through Our Beauty & Wellness Course

Our **Beauty & Wellness Course** has successfully equipped students with comprehensive skills in **professional beauty care, skincare, hair styling, makeup artistry, and salon management**. After months of dedicated training, our students are now fully trained in various aspects of beauty parlour services, enabling them to pursue careers as **professional beauticians, entrepreneurs, or salon specialists**. This program has not only enhanced their technical expertise but also boosted their **confidence and financial independence**. Through this initiative, we continue to create sustainable livelihood opportunities, ensuring that women gain self-reliance and recognition in the beauty and wellness industry.

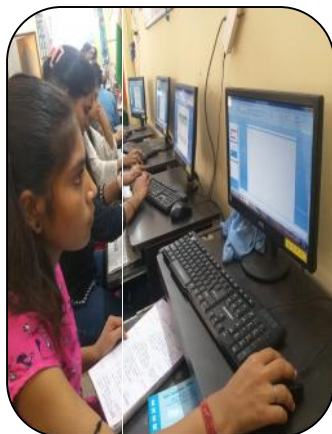

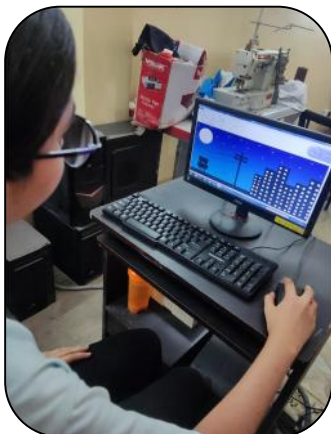

Skilling Women Through Our Stitching & Cutting Course

Our **Stitching & Cutting Course** has successfully trained students in the art of **designing, cutting, and stitching a variety of dresses**, including traditional and modern outfits. With hands-on experience and expert guidance, our students have mastered techniques in **fabric selection, pattern making, embroidery, and tailoring**. Today, they are fully equipped to pursue careers as **professional tailors, fashion entrepreneurs, or independent designers**. Many have already started taking orders, launching small businesses, or securing jobs in boutiques and garment units. This program not only enhances their technical skills but also empowers them with financial independence and the confidence to build a sustainable future through their craft.

Transforming Lives Through Our Digital Empowerment Course

Our **Digital Empowerment Course** has successfully trained students in essential computer skills, enabling them to confidently use **MS Paint, MS Word, Excel, PowerPoint, and the Internet**. With hands-on training in each subject, they have gained practical experience in **document creation, data management, presentations, and online navigation**, equipping them for various job opportunities in today's digital era. The course has not only enhanced their technical proficiency but also opened doors to **better employment prospects, freelance opportunities, and further educational advancements**. Many of our students are now prepared to step into administrative, clerical, and IT-related roles, ensuring a brighter and more self-reliant future through digital literacy.

Expanding Digital Learning: Special Sessions for Boys

Recognizing the need for **digital literacy among boys**, we have launched a **special evening session** tailored to their specific learning requirements. **School students** are trained in alignment with their academic syllabus, ensuring they gain a strong foundation in **MS Office, basic computing, and internet skills** to support their education. For **youngsters preparing for employment**, our training follows **industry best practices**, equipping them with **advanced digital skills and practical knowledge** essential for workplace readiness. This initiative is designed to bridge the digital gap, enhance career prospects, and empower young minds with the tools they need to excel in both academics and professional life.
